

Vehicle Acquisition

The vehicle acquisition team at General Administration provides access to a wide variety of vehicle contracts. To consolidate all vehicle-related contracts, purchase orders and fleet resources available, we have created the following website for your convenience:

<http://www.ga.wa.gov/vehreq/vehacq.html>

Who can benefit from these contracts?

- Washington state agencies, colleges, universities and institutions.
- Political subdivisions in Washington that are members of the state purchasing co-op, provided the dealer and the manufacturer have agreed to extend state contract pricing to such organizations.
- Oregon political subdivisions that are members of their purchasing co-op and if the dealer and their manufacturer agree (added delivery costs may be incurred.)
- Qualified co-op member non-profit corporations within Washington are sometimes eligible to use this contract.

Benefits

Average 7 percent to 10 percent savings on a wide selection of vehicles.

To determine your eligibility for a particular purchase, please review the "Special Conditions" on the vehicle contract's Current Contract Information document at [Vehicle Contract Listing](#) or the chart on the [Online Vehicle Ordering Menu](#). Trade-ins and leases are not included.

What types of vehicles are available on state contracts?

- Over 40 different classifications of new model year automobiles; police vehicles; utility vehicles; small and full-size pickups; cab and chassis trucks up to 19,000-pound gross vehicle weight; and cargo and passenger vans.
- Special categories are also included for alternative fuel, hybrid and high-mileage vehicles whenever available.
